Dear parent/guardian,

Following the Department of Education's announcement regarding Summer Provision for 2022, we would like to inform you that we are once again running the Summer Programme in our school. The programme will run from Monday July 25th to Monday August 8th.

The programme is aimed at students with special educational needs and those at an educational disadvantage as a result of Covid-19. The programme's aims are to support pupils to re-engage with education, to build their confidence and increase their motivation, promote wellbeing and for some who are at key transition stages, help to ensure they can move on to their planned educational placement next September along with their peers.

Last year our focus for the programme was connection over content. Due to the lack of social engagement and opportunities our students missed out on over lockdown, it was a key priority of ours to help them re-engage with one another in a meaningful way. Some of our programme activities from last year included: yoga and meditation, book club, maths treasure hunts, arts and craft, ready steady cook, team building games and trips to places such as Derg Isle and Shannon Aviation Centre.

Overall, the 2021 Summer Programme was a great success and therefore we are very happy to be offering the programme to our students again this year.

To register your interest for this programme please email denis.orourke@lcetb.ie

Kind regards,

Denis O Rourke

Principal
